

SUSTAINABLE BASIN MANAGEMENT TOWARDS THE INBO WORLD GENERAL ASSEMBLY 2016

April 14, 2015 | 19:10 – 20:10 PM

ROOM GHH_202 | 2F Saphaire
GYEONGJU | Hotel Hyundai

The purpose of this session is for stakeholders to share programs, projects and experiences in sustainable basin management among the international water community, to nurture the process towards the necessary redirection of basin management and operation, conducive to comply with an integrated water resources management. This session's outcome will serve as input towards the INBO World General Assembly, Mexico 2016.
