

Cooperation of French Water Agencies around the world
Side-event of the 7th World Water Forum
Tuesday 14, 14h30-16h00, Daegu EXCO, French Pavilion

French water agencies share their experience in water resources management with institutional partners all around the world, and primarily in developing countries. This side event aims to illustrate with a few examples of successful projects such exchanges of experience, with a particular focus on projects of Integrated Resource Management Water (IWRM).
