20 March 2018

Dear Mr. Donzier,

It is with great pleasure that the United Nations Economic Commission for Europe (UNECE) and the Ministry of Maritime Economy and Inland Navigation of Poland invite you to the International Conference on Inland Water Transport in Wroclaw, Poland, on 18-19 April 2018.

This conference builds on the Ministerial Resolution on Embracing the new era for sustainable inland transport and mobility, adopted by the Ministers at the seventieth anniversary of the UNECE Inland Transport Committee on 21 February 2017.

The International Conference on Inland Water Transport is aimed at increasing the focus of policy on fostering the role of inland water transport, encouraging countries to maximize the potential of inland waterways and addressing the challenges of sustainable development of mobility with reference to inland water transport.

The draft programme for the conference, logistics information and registration information are available on the Conference website: www.connectingiww.pl. If you require further information, please write to Ms. Victoria Ivanova at victoria.ivanova@unece.org.

I look forward to meeting you at the Conference in Wroclaw.

Yours sincerely,
